Art Unit: 1618

Claims 23-40 are presented for examination.

The amendments and remarks filed on April 25, 2007 have been received and entered.

Claims 23-40 are rejected under 35 U.S.C. 103 (a) as being unpatentable over WO 02/064083 in view of Fraley et al. (U.S. Patent 6,479,512) for the reasons set forth on pages 2-4 of the office action of January 26, 2007.

Applicant's arguments and remarks have been carefully considered, but are not deemed to be persuasive. Applicant alleges criticality to the concentrations of 0.1 mg-2 mg per day of the claimed invention in comparison with the concentrations 0.1 mg-300/kg/day. The allegation is not well taken, considering that if a person's weight is 20 kg, the required dosage is going to be 2 mg/day, which is what is taught by the prior art. Applicant also argues that the WO patent fails to teach the claimed compounds and the use thereof. The arguments are not considered to be persuasive. The prior art clearly teaches the use of the claimed stereoisomers, such as R and S for the treatment of macular degeneration in general. Thus, it would have been obvious for a person skilled in the art to use such compounds for the treatment of wet macular degeneration in the absence of evidence to the contrary. Applicant has presented no evidence to establish the unexpected or unobvious nature of the claimed invention, and as such, claims 23-40 are properly rejected under 35 U.S.C. 103 (a).

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
